

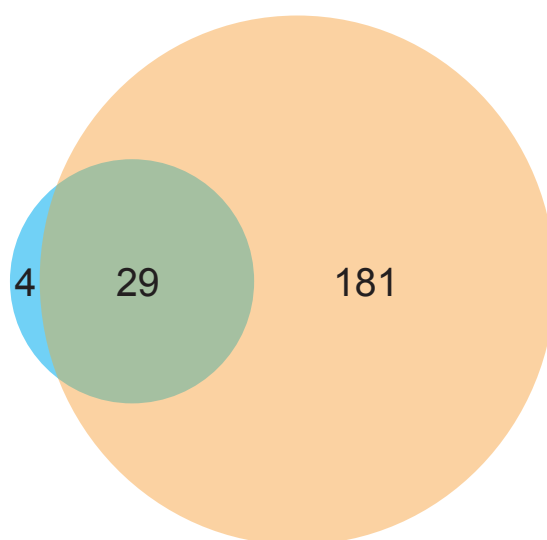

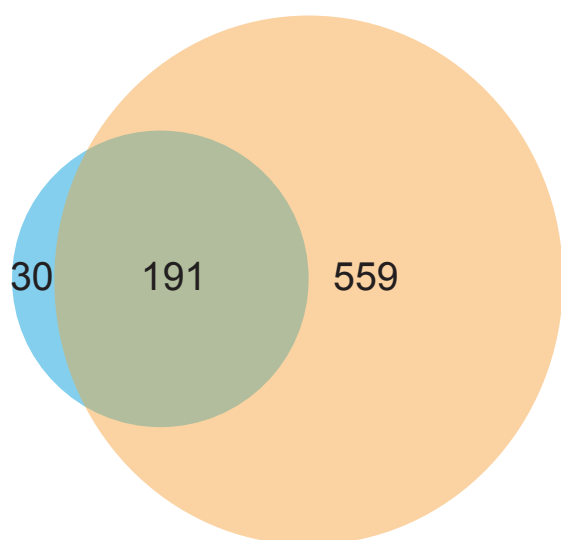

Figure S6

- Number of genes in common between Young FHV 24h and Aged FHV 24h
- Number of genes in common between Young FHV 24h and Aged FHV 24h overlapping with genes in common between Young FHV 48h and Aged FHV 48h
- Number of genes in common between Young FHV 48h and Aged FHV 48h

Up-regulated genes

Down-regulated genes

Supplemental Figure S6. Venn diagrams showing the overlap between 24h and 48h of commonly regulated genes between young and aged FHV-infected flies.
